

Our Patroness

St. Mary Joseph Rossello

St. Mary Joseph Rossello, the patroness of our school was born on May 27, 1811 in Albisola Marina, a small city of Savona in Italy. She was pious, obedient and hardworking from her tender year at home. She was a great lover of human family and wished to embrace the whole world with the mission of Mercy. She and her sisters went on doing well for all people in every field. After long 69 years of her life of love she went to the heavenly abode for her greater reward. As the heaven's reply, today her body remains intact even after 138 years of her death. Now her sisters continue her mission in 23 countries. Let's together invoke her blessing so that we may also love like her and build a just society. Because she loved everyone in God, did well to all and her consolation was to find herself with the poor.

PRAYER

Oh! Saint Mary Joseph Rossello, who during your life on earth lovingly gathered little children to instruct them, the poor to help them, the afflicted and the troubled to console them from heaven, where your charity has received its reward, look pitifully on my necessity, and through the merits of Mary, Mother of Mercy and the Holy patriarch, Saint Joseph, to whom you had special devotion obtain from God for me the grace that I ask to the benefit of my soul and your honor. - Amen
